We would remind our readers that the extensive sale of Solomon G. Morton's 400 acre farm, 12 miles from this city, (near the Nolensville Turopike) comes off to-day.

This is said to be one of the best tracts in Davidson county-embracing about equal portions of cleared land and timber, all under excellent fences, and supplied with an abundance of good spring wa-Persons desiring to attend, are requested to call

at the office of Nance & Woodward, at No. 67, Cherry street, before 8 o'clock this morning, where free conveyances will be furnished, and set out at 8 o'clock to return in the afternoon.

Don't overlook the advertisement of Messrs. Cook & Ewing of that most valuable tract of land two miles from the town of Franklin, the sale of which comes off on Monday next, the 20th inst. Any person wishing to purchase such a farm, will lose a bargain by failing to examine the premises, and accepting it at the price for which it is offered and will be sold. There is from 25 to 50 per cent. speculation in the purchase of the land. Land speculators should look to their interest,

TAYLOR'S SALOON .- This gorgeous palace of the gourmet, which has been undergoing the process of re-decoration and re gilding, was, on Monday, for the first time in all its newness of splendor, thrown open to the inspection of the public. The improvement is great, and the effect of the ornamentation is gorgeous. The mirrors and elegantly elaborated columns of crimson and gold lend an air of luxurious enchantment to the place that can hardly be described. The artists have made a greater display of colors than in the original ornamentation, which is a material improvement. jy15-1t.

BAYARD TAYLOR TO BE MARRIED. - A private letter from Bayard Taylor, to friends in New York, announces the forthcoming marriage of that untiring Gubernatorial Canvass-Appointments traveler. The lady is the daughter of a German professor, and the happy couple will probably spend the honeymoon at Taylor's romantic home in Gotha-a home most romantically given to him by a fellow-traveler, whom several years ago be met in the course of his wanderings, and who became strongly attached to him, Mr. Taylor intends to pass the coming winter of 1857-8 in Siberia, and will not allow his matrimonial arrangements to interfere with his traveling propensities. Indeed the man seems desirous of emulating the Wandering Jew bimself, and will not for a moment think of quietly settling down in one place like other folks

Every heavy burden of sourow seems like a stone hung round our neck, yet are they often only like the stones used by pearl divers, which enable them to reach their prize and to rise enriched. A small sorrow distracts; a great oue makes as collected; as a bell loses its clear tone when slightly cracked, and recovers it when the fissure is enlarged.

AFRAID OF A GUN .- Many years ago, in the city of Providence, there was a large audience collected within the walls of the old theatre, (now Grace Church.) The performance had reached the crisis wherein the dreadful villian of the play was to be shot-the fatal pistol was even pointed at its victim, the house was wrought up to the intensest excirement, and all was still as death. It is breathless period a highly respectable citizen in the scage box arose, and addressing the hero of the pistol, while his wife sat by his side, her cheeks ashy pale and a thumb thrust into each ear, said: - "Mr. Duffy, Mr. Duffy, Mr. Duffy, don't shoot the villian just yell For love's sake desisd Mechitable's afraid of a gun. Wait till we reliev from the the Court Clerk. Election in March next. atre!" The gun didn't explode, but the audience did. Duff waited, but they couldn't,

TAKING OUT AN EYE TO MEND IT -The Leipsic Journal of Literature, Science and Art, publishes an account of the wonderful discoveries of Dr. Graeff in diseases of the eye, and the wonderful cures he performs. He has found the ball of the eye to be transparent, and by a curious instrument, examines minutely the interior, takes it out and performs any necessary surgical operation, and replaces it without injury to its appearance or vision. A young girl had long been afflicted with the most exeruciating pain in the left eye, the cause of which the most learned could not understand. Dr. Graeff found in the center of the ball a little worm, which he removed, and restored the poor creature immediately to health and perfect sight. His office is thronged all day by the poor, praying for relief. One is almost reminded of the miracles of the Son of Man, in reading the cures he makes .-N. Y. Mirror.

THE WHEAT MARKET.-The market for new wheat opens in this city, at one dollar per bushel; and while we hope it may keep at that, and even go up to higher figures, we do not expect such a result, owing to the abundance and excellence of the crops in this, and all the adjoining States,-Knexville Whig, July 11.
